17. Curiosity

Tell me, tell me everything!

What makes it Winter

And then Spring?

Which are the children

Butterflies?

Why do people keep

Winking their eyes?

Where do birds sleep?

Do bees like to sting?

Tell me, tell me please, everything!

Tell me, tell me, I want to know!

What makes leaves grow

In the shapes they grow?

Why do goldfish

Keep chewing? and rabbits

Warble their noses?

Just from habits?

Where does the wind,

When it goes away, go?

Tell me! Or don't even grown-ups know?

• children butterflies: young ones of butterflies. • warble: twitch or wiggle very fast.

Things to do:

- 1. List any five questions that the child in the poem has.
- 2. List any three other questions about birds, animals or natural things that you have.
- 3. Where can you find the answers to your questions? Write any 2 sources.
