

2.6 Learning Letters

a. Match the following letters with their pictures.

b. Trace and write the following letters.

Hh

Hh

Ii

A tracing guide for the letter 'i'. It shows a large uppercase 'I' and a smaller lowercase 'i'. Both letters are formed by a solid grey stroke. Dotted lines indicate the starting point and direction of the stroke. For the uppercase 'I', the stroke starts at the top left and goes straight down to the bottom. For the lowercase 'i', the stroke starts at the middle left and goes straight down to the bottom. A small dot above the lowercase 'i' indicates the starting point for the second stroke, which goes straight up to the top line.
